WARM-UP QUESTION

Should students copy AI answers without understanding?

GOOD VS BAD USES OF AI

Good

- Asking for help on confusing words
- Brainstorming ideas
- Research

Bad

- Cheating
- Sharing personal information
- Believing everything AI says

**ALWAYS CHECK IF AI IS
CORRECT OR WRONG!!**

Sometimes AI can make mistakes,
always make sure to double check!!

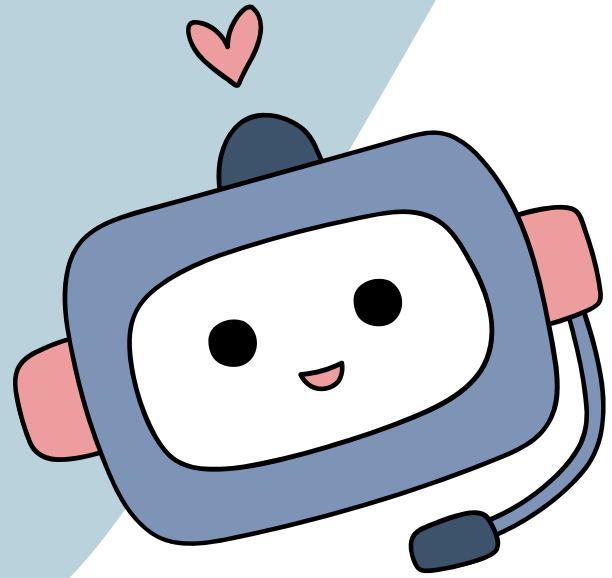

HOW DO YOU KNOW IF IT'S GOOD OR BAD?

Ask yourself:

1. Is it helping me learn, or doing my thinking for me?
2. Am I checking if it's true?
3. Am I keeping my personal info private?

Good AI use: helps you learn, and you check if it's true.

Bad AI use: replaces your thinking, or shares private info.
