Using AI Responsibly

Part A: Good vs. Bad Uses of AI

Sort these into the right column. Write each one under Good or Bad:

Asking for help on confusing words • Brainstorming ideas • Research • Cheating • Sharing personal information • Believing everything AI says

GOOD:

BAD:

Part B: How Do You Know If It's Good or Bad?

Ask yourself these 3 questions before using AI:

1. Is it helping me learn, or doing my thinking for me?
2. Am I checking if it's true?
3. Am I keeping my personal info private?

Part C: Good or Bad?

Circle **GOOD** or **BAD** for each scenario:

Researching a topic to write an essay → GOOD / BAD

Copying AI to do homework → GOOD / BAD

Giving private information to AI → GOOD / BAD

Trusting facts from AI without double-checking → GOOD / BAD

Learning by letting AI explain concepts → GOOD / BAD

Part D: Reflection

Share one rule for using AI responsibly:
